

# ***THE POWER*** **OF INCLUSION**

**He taonga mā tātou**  
A gift for you

# THE POWER OF INCLUSION

Karanga mai rā

E te whakataka pōkai

Kia aru, kia hoka tō hono

Ki te toi o ngā rangi e

The call

by the leader of the flock  
guides its soaring followers  
to the heavens

Karanga mai rā

E ngā whakataka tangata

Kia aru, kia piri ngā iwi

Ki te taumata o whakaaro e

The call

by leaders of people  
bring all together  
to a higher consciousness

# THE POWER OF INCLUSION

**The Power Of Inclusion - Te Manu Whakataka Pōkai.**

*nā Pou Temara tēnei whakamārama*

It's a term that refers to a bird which ensures others of its kind flock during the evening. It does so by calling, cajoling, and orchestrating a pattern of flight that brings them together before they roost for the night. As a leader, this is its responsibility. It knows without inclusion there is no cohesion.

# **THE POWER OF INCLUSION**

Initially a bigger thought was intended to bring all the elements of the conference to a cohesive acknowledgement for the conference.

Experienced TV presenter and Journalist Wena Harawira has provided the translations for our conference.

This song is a **call of unity** that stems from the naming of the conference and is our gift to you all to enhance the memory of the conference and the mahi of the Power of Inclusion
